MA - MAP STATISTICS EXHIBIT 1

Outline of MA-MAP Application Assignment Procedures :

MA-MAP qualifying applications are assigned to Participating Insurers on a strict rotation basis.

If an assigned application (1st Assignment) is declined by the the 1st Insurer or if 1st Insurer's offer to provide coverage is rejected or not pursued by the Applicant/Agent, the application is reassigned (2nd Assignment) to a 2nd Insurer. Again, reassignment is on a strict rotation basis.

MPIUA policies cancelled at Insured's request or for non-payment, or if a claim has occurred since first assignment are not reassigned to a 2nd insurer.

If a reassigned application is declined by the 2nd Insurer or if 2nd Insurer's offer to provide coverage is rejected by the Applicant/Agent, the application is not reassigned again.
